FAST RUN.

Time of a Freight Train From Memphis—6 Hours, 40 Minutes.

Conductor Craft and Engineer Collins in Charge.

The fastest freight run ever made on the Illinois Central railroad, C. O. & S. W. Division, was made Saturday. The run from Memphis to Paducah was made in 6 hours and 40 minutes with nineteen cars. Conductor H. C. Craft was in charge, with engineer Collins at the throttle. Engine 562 pulled the train, and the average speed was twenty-five miles an hour, the usual rate being twelve or fifteen miles an hour. Railroad men say that the run was the fastest ever made since the road was built.

DAY OF DRUNKARDS.

Several Were Before Judge Sanders Today.

Evan Ladd, the most incorrigible drunkard that has ever come to Paducah, faced Judge Sanders today.

"It would be a great pleasure to me to fine you," remarked Judge Sanders, "if your wife did not have all your fines to pay. As it is, though, every time you bring your fish to the city and get a little money you get drunk on it and your wife has to pay you out of the lo-kup."

"I know it, I know it, judge," acknowledged penitent Evan, "but I'll tell you I didn't mean to get drunk at all Saturday. I was cold and I thought I'd take one drink to warm me up and that got me started."

He was fined \$1 and costs and the following were assessed similar fines for intoxication. James Doyle, Sam Davis and Harrison Arnold.

LITTLE "IF"

Says a Woman a \$5 Fine in the Police Court.

Vicky Bennett, colored, was acquitted in Judge Sanders' this morning of the charge of using provoking language towards Vina Dance.

The evidence showed that the two women were at loggerheads and the Cane woman made some statement to a neighbor about the Bennett woman's having been looked up at home. The latter overheard it and said that "if" she said it, it was a lie.

The "if" and the fence between the two women was all that prevented a fine being assessed this morning.

INSULTING LANGUAGE.

Henry Futrell Pleads Not Guilty as Charged.

Henry Futrell, colored, was charged in Judge Sanders' court this morning with using insulting language towards the Decatur, Ala. Mineral and Land company against J. L. Friedman is now on trial.

In the case against Annie Cox Judge Sanders said he was not quite ready to render his decision, not having fully made up his mind. The case was left open until Wednesday morning.

MANY DRUMMERS.

Trade is Brisk Now and Will Increase.

One evidence of the revival in business is the increasing number of traveling men who daily go out and come in. At noon today there were by actual count sixteen traveling men repressing local firms at the union depot, waiting to go out.

Others left on the 7 o'clock N. C. & St. L. train and some at 8 a. m. over the I. C.

The holiday trade is coming in apace, business then will be doubled and improve in all branches.

"Hit a Dog, He Will Howl."

Parties representing themselves to be the original flash light photographers in Paducah, who in fact were but a short time ago engaged in the very same business of quarrying rock and running a flying jenny in a neighboring village and who stand in about the same relation to an artist as does his satanic majesty to an arch angel, have ushered into our city a present spectacle similar to that of a dog with a tin can to his tail. I am reliably informed that the aforesaid parties never did and could not under any conceivable circumstances make and finish a photograph. While the samples carried by my solicitors were made by them and are fair samples of their work.

I insert a warning notice in the papers after receiving the most positive evidence that some unscrupulous parties were representing themselves as working from my studio. I have been imposed upon so often by "hacks" in the profession who do not know how to make a picture and a manner known only to the confidence man and bunco stealer, all the while claiming to represent me. The worm has turned.

Very respectfully,
YOUR LOCAL PHOTOGRAPHER,
At the Same Old Stand.
